

The Federal Communications Commission

Dear The Federal Communications Commission,

Please reject the flat tax proposal for my telephone service! I should not have to pay more for it. Allow the contributions made to the Universal Service Fund to remain as they are.

The flat fee proposal is unfair to people who make few long distance calls. I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Bryan Johnson
